“We Believe in quality because knowledge matters”

CETPA[®]

Because Knowledge Matters

ISO 9001 : 2008 Certified

CETPA InfoTech Pvt. Ltd. is an **ISO 9001:2008** Certified Company deals in the field of Software Development, Embedded Products Development, Placement Consultancy and Engineers Training Programs. CETPA is the mission, which is working for the promotion of latest technologies in India and abroad. To achieve our goal, we have made collaboration with a number of institutions and firms. CETPA deals in three different domains, first is education, second is development and third is consultancy.

CETPA Education:

CETPA Education mainly deals in Engineers Training Programs in latest technologies for Engineering students, corporate and other professionals. Some of the technologies offered for training are .NET, VHDL, Embedded System, Advance Embedded System, CATIA, MATLAB, J2EE, Verilog HDL, Linux, AutoCAD, PCB & Circuit Designing, and Personality & Entrepreneurship Development.

CETPA Consultancy:

CETPA Consultancy helps to provide jobs for different fields students and professionals. CETPA consultancy was started to provide jobs to CETPA Certified students, who are made technologically strong by CETPA, are well placed by CETPA Consultancy. Hence the fresher trained by us are well absorbed in companies.

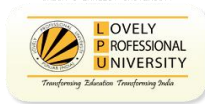

CETPA Development:

CETPA development deals in software as well as embedded production development. In software domains, CETPA offers customized software products, web development, web hosting, search engine optimization and other related products. In embedded domain, CETPA has developed a number of solutions like moving message displays, token display systems for private as well government organizations.

CETPA Corporate Training Clients:

CETPA has delivered corporate trainings to a number of industry giants and colleges, few of them are

Corporate Training CETPA CLIENTS		
Organization Name	Services Offered	Company Logo
Samtel Displays Ghaziabad (Biggest Display Device Manufactures in Asia)	Corporate Training (Delivered Training to 15 Professionals on FPGA in VLSI) (www.samtelgroup.com)	
IKM Investor (Big Brand in Trading)	Corporate Training (Delivered Training to more than 20 Employees on MATLAB) (www.ikminvestor.com)	
Anuvidyut Roorkee (Developing Embedded Products, Specially for Railway Ministry)	Corporate Training (Delivered Training to more than 15 employees on Embedded System)	

	(www.anuvidyut.com)	
Lovely Professional University Jalandhar (One of the biggest University in India)	Training Services Provided (Training offered on VHDL and Embedded System to more than 100 students) (www.lpu.in)	
Babu Banarsi Das Lucknow (One of the prominent Private Engineering College in UP)	Training Services Provided (Delivered Training to more than 100 students on .NET, Embedded System and Catia) (www.bbdnitm.edu)	
Kamla Nehru Institute of Technology, Sultanpur, (One of the best government Engineering College in UP)	Training Services Provided (Trained more than 500 students in College Campus Still Now) (www.knit.ac.in)	

Development Services Offered to Clients:

CETPA has developed software as well embedded projects for a number of organizations, here one company from each domain is mentioned.

Development Service Offered to Industry CLIENTS

Organization Name	Services Offered	Company Logo
Central Electronics Limited Sahibabad, Ghaziabad (PSU of India)	Embedded Development Services (Developed PIC Microcontroller Based Embedded Hardware) (www.celindia.co.in)	
Media Lab Asia Delhi (Big Government IT Outsourcing Company)	Software Development Services (Developed Web Based Application) (www.medialabasia.in)	

CETPA Placement Consultancy Services Offered to Clients:

CETPA has invited number of big corporates for the placement of CETPA Certified Students as well giving placement consultancy to companies for providing them trained candidates.

CETPA CLIENTS

Organization Name	Services Offered	Company Logo
Best of Breed Software Solutions (I) Pvt. Ltd. Bangalore (A Company Global Partner to Infosys and India Partner to HP and Wipro)	Placement Consultancy Services (More than 100 Engineering and other Freshers are being selected by this company from CETPA) (www.bbssl.com)	
Indiamart Intermesh Pvt. Ltd. Noida (Biggest B2B Company of India)	Placement Consultancy Services (Marketing and HR Specialist MBA and Engineers) (www.indiamart.com)

CETPA Key Footprints:

- CETPA is awarded as best IT and Embedded Training Organization by Big Brands Research. The award is delivered by Mr. Chetan Bhagat during the ceremony.
- CETPA has delivered training to R&D Team of Samtel Group (Asia's Biggest Display Manufacturing Company).
- CETPA has delivered training in STEP & Continuing Education Department of IIT Roorkee and delivered training to more than 4000 students.
- CETPA is associated with KnS and "Electronics For U" (Asia's Biggest Electronics Print Media) for marketing, sales and research.
- CETPA has developed an Embedded System Based project for Central Electronics Limited Ghaziabad (A Government PSU). The complete microcontroller based project was developed in an area of 1.5 sq cm.
- CETPA is the training partner to Siemens PLM software Solid Edge.
- CETPA has developed a Web Application for Media Lab Asia (Department of IT, Govt. of India).
- CETPA has invited EA Sports (World's one of the biggest Gaming Company) for the placement of CETPA Certified Students.

Some More Engineering Colleges as a Training Client:

- *STEP IIT Roorkee, Uttaranchal (Government)
- *Muzaffarpur Institute of Technology Muzaffarpur, Bihar (Government)
- *Kamla Nehru Institute of Technology Sultanpur, Uttarpradesh (Government)
- *Madan Mohan Malviya Engineering College Gorakhpur, Uttarpradesh (Government)
- *Bundelkhand Institute of Engg. & Tech., Jhansi Uttarpradesh (Government)
- *G. B. Pant Engineering College Pauri Garwhal, Uttaranchal (Government)
- *Kumaon Engineering College Dwarahat Almora, Uttaranchal (Government)
- *Bundelkhand University Jhansi, Uttarpradesh (Government)
- *Sh. Balaji College of Engineering & Technology Jaipur, Rajasthan (Private)
- *Birla Institute of Applied Science Bhimtal, Uttaranchal (Private)
- *Babu Banarsi Das National Institute of Technology Lucknow, Uttarpradesh (Private)
- *Moradabad Institute of Technology Moradabad, Uttarpradesh (Private)
- *Ideal Institute of Technology Ghaziabad, Uttarpradesh (Private)
- *College of Engineering & Technology Moradabad, Uttarpradesh (Private)
- *Hindustan College of Science & Technology, Mathura, Uttarpradesh (Private)
- *Dehradun Institute of Technology, Dehradun, Uttarakhand (Private)
- *Jind Institute of Engineering & Technology Jind, Haryana (Private)
- *Lovely Professional University, Jalandhar (Deemed)
- *Subharti University, Meerut, Uttarpradesh (Deemed)

Many More.....

CETPA Experts:

All experts in CETPA are highly qualified with good experience in the specialized technology like in .NET, Embedded System, CATIA, VHDL. CETPA is having more than 100 professionals with B. Tech./M.Tech./Ph. D. Degrees.

Research & Development: CETPA is always dedicated for research in advance & latest fields. Regarding the same, CETPA has given an important contribution in the field of Congestion Control & Robotics. In our congestion control projects, we have solved link allocation problem in wireless ATM up to a great extent. In robotics we have developed a number of projects .Now we are trying to develop a robot, which can communicate with human beings and can sense their requirement automatically.

CETPA Club: CETPA has two types of clubs-professional club and student club. In professional club we are the professionals which are supporting the enhancement of CETPA and seriously working for the association. CETPA student club is a group of students which are the part of CETPA. These student members are given opportunity to present their papers on particular research work on the projects in the seminars, and these papers are published on our website. Selected projects which are the unique will be supported and sponsored in the national and international seminars for paper presentation and publishing.

CETPA Seminar: Asia has been helping international vendors to demonstrate their latest embedded technologies to Taiwan's engineers and technical managers who has worked a lot in these products. CETPA provides seminars in different institutions and companies free of cost. These seminars help students and professionals to get the knowledge of advance technologies.
